

GRAEFENBERG COMPANY, NEW YORK.

Monthly Bulletin, No. 1.

THE reflective traveler, as he reaches the highest ridge of the Alleghenies, on his journey westward, is filled with the most profound and interesting sensations. His fancy rapidly surveys that vast and magnificent region which stretches itself far away toward the setting sun, bounded only by the waves of the Pacific. Majestic rivers flow through interminable woods; rich prairies, like seas of verdure, are spread out, decked with bright and nameless flowers. Upon those countless millions of richest acres, the entire population of two worlds like this, might find homes of plenty! These wondrous features of the mighty West fill his mind with the profoundest sensations.

He reflects still further, and the painful fact occurs to him that one great difficulty affects that region, viz: that which relates to HEALTH. He knows that beside those streams, and upon those prairies the enterprising inhabitants are often and sorely afflicted with

Bilious Complaints in all their multiplied forms. A feeling of impatience comes over him that so little thus far has been accomplished to prevent and cure these; especially when he considers that no class of diseases yield so readily to proper means. It is not too much to say that if the difficulty alluded to were removed, and the

WEST MADE AS HEALTHY AS THE EAST, tens upon tens of thousands of human lives would be annually saved; and every acre of land in the entire West be doubled in value.

THE GRAEFENBERG COMPANY came before the public fully impressed with the importance of this subject; and with the positive certainty that they can prevent and cure the diseases of the West. The public has welcomed the company with unparalleled enthusiasm. Every where its medicines are taking the lead of all others; and curing diseases which have baffled all other means.

The company will hereafter issue **MONTHLY BULLETINS** by means of which the public can learn more of its operations. In the present one it can only be stated that

1. The Graefenberg medicines are purely vegetable.

2. They have been tested in tens of thousands of cases with perfect success.

3. Of the Vegetable Pills alone 20,000 boxes are sold each and every week!

4. The demand is constantly increasing.

5. Every article purchased of the company or any of its agents is WARRANTED, and if it does not give satisfaction the money will be refunded.

The three medicines to which the company would call attention in the present Bulletin, are THE GRAEFENBERG VEGETABLE PILLS, for the prevention and cure of the ordinary diseases which afflict humanity, (especially biliousness); these Pills are infinitely superior to any the world has ever before seen. No language can describe their virtues. They are as different from all others before the public as light is from darkness. Every family in the whole West should try them. If they do not give perfect satisfaction, the money will be promptly refunded. Price 25 cents per bottle.

THE GRAEFENBERG FEVER AND AGUE PILLS. This pill is the great conqueror of Fever and Ague and Fever of all other types and forms.

THE GRAEFENBERG HEALTH BITTERS! A preventive of bilious and other diseases; and a restorer of the strength, appetite and a healthy complexion. Price 25 cents a package, which will make two quarts of Bitters superior to any in the world.

The other medicines are the Graefenberg Sarsaparilla Compound, the Graefenberg Eye Lotion, the Children's Pannacea, the Green Mountain Ointment, the Consumptive's Balsam, the Dysentery Syrup.

It is intended that there shall be a Graefenberg Depot in every neighborhood in the United States, at which the Company's medicines may be found.

The General Agent for Missouri and South Illinois, is E. K. WOODWARD, St. Louis, to whom applications for agencies may be addressed.

Spring Styles of Hats.

MCNEIL, 23 Market street, St. Louis, in addition to the New York Spring style of hats already announced, has received from Paris, per last steamer, the spring style of hats just now introduced in that city, a neat and beautiful shape; he is thus enabled to offer his customers a choice between the New York and Paris fashions of the present season. The style and finish of those hats, as he is now making them, is superior to that of the former styles, which have given the hats of McNeil so general a popularity in the West—various improvements in the trimming and fit of the hat on the head, recommend them at once to the customer. Persons wanting a hat, or those desirous of witnessing the progress of mechanic art in an important article, are invited to call at 23 Market street. (1-2m) JOHN MCNEIL.

The superintendence of the school, by sanction of the Trustees, will remain in the hands of Mr. WILLIAM T. LUCKY, A. M., and Rev. NATHAN SCARFITT, A. M. The great success of the school, under their direction, is the best evidence of their qualifications.

We are happy to say that the last session has been uncommonly prosperous. Although the school has been crowded almost to overflowing with pupils, yet by an additional number of teachers, the department of instruction has been amply sustained.

The course of instruction embraces all the branches of a complete English Education, together with the Latin, Greek and French languages. All persons desiring to attend the school, are urged to be present at the beginning of the session.

We bespeak for Howard High School a continuation of that patronage which has been so liberally extended to it heretofore.
